

Deep in the Heart of the North Camp Manitou Song

**Deep in the heart of the north
There's a place where the world comes
together
A place where the spirit of life Still lives,
and holds us together**

CHORUS

**O Manitou, O Manitou
For all our lives we'll remember you
With songs of joy and friendships true
O Manitou well remember you**

**These friendships we pray never end
Begin here, and go on forever
So we gather together again To Sing...as
SISTERS AND BROTHERS!**

CHORUS

**O Manitou, O Manitou
For all our lives we'll remember you
With songs of joy and friendships true
O Manitou well remember you
...O Manitou well remember you!**
